### DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/23/2007 has been entered.

2. Claims 1-5 and 24-25 are now pending in the application. Claims 6-22 stand withdrawn from consideration.

3. This application is in condition for allowance except for the presence of claims 6-22 directed to non-elected claims without traverse (paper dated 11/03/2005). Accordingly, claims 6-22 have been cancelled.

4. The following is an examiner's statement of reasons for allowance:

None of the prior art of record discloses or suggests alone or in combination that an LCD device comprising a combination of various elements as claimed more specifically the first pixel being horizontally adjacent to the second pixel and a parasitic capacitance between the second pixel electrode and the second data line being about three times greater than a parasitic capacitance between the first pixel electrode and the first data line as set forth in claims 1 and 5..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
